THE ALMA MATER

MFANTSIMAN’S QUEST TO BECOME 1ST FEMALE SCHOOL TO WIN NATIONAL SCIENCE AND MATHS QUIZ

In June 2016, School Prefect Felicia Lankai Anna-Mills, Adjoa Ohenewaa Koranteng and Millicent Quayson competed against St. Thomas Aquinas and Aggrey Memorial Senior High School at the annual National Science & Maths Quiz (NSMQ). The girls exited at the quarter finals with St. Thomas Aquinas emerging as winners of the round. Adisadel College—represented by Messrs. Annin Riddley, Osei Assibey and Issac Amofo Mensah—ultimately won the competition, with prizes of 40,000 GHS for their school, 15,000 GHS for the contestants, and 15,000 GHS for the teachers who assisted the team with their preparations.

The NSMQ, popularly referred to as “Brilla,” perhaps because Unilever’s Brilliant Soap first sponsored it, started as an idea on a tennis court at the University of Ghana, Legon. Advertising executive Mr. Kwaku Mensa-Bonsu, then Managing Director of Primetime Ltd., was engaged in a discussion with the late Biochemistry Professor Marian Ewurama Addy, the first female science professor at the University of Ghana, and the also-departed Professor Ebenezer Kweku Awotwe.

The conversation about why birds are able to stand on a live electric wire without getting electrocuted while human beings cannot do the same inspired Mr. Mensa-Bonsu to put together a school quiz programme focused on Science and Maths. The objective was to promote the study of science and mathematics, and help students develop a quick thinking, probing, scientific mind about the things around them—all
the while fostering healthy academic rivalry among senior high schools.

When the quiz started in 1993, it involved only 32 schools. Since 2014, the competition has grown to involve 135 schools from all parts of Ghana. Since its debut, there have been 21 exciting editions of the NSMQ, which is now the longest running independent production on Ghanaian television.

The programme is very popular with Senior High School students, parents, and especially with former students who take great pride in the performance of their alma maters.

**NO GIRLS’ SCHOOL HAS EVER WON THE NATIONAL TITLE**

**Past Winners**

A key component of the NSMQ is claiming bragging rights as national champions of Science and Maths. Since Prempeh College’s inaugural win in 1994, boys have dominated the leaderboard.

![MOGA President boosting the morale of contestants at the 2016 NSMQ](image)

In 2007, St. Augustine’s College were crowned proud winners while Ghana Secondary Technical School won the 2012 edition, and St. Thomas Aquinas picked up the 2013 prize. Adisadel College continued the testosterone streak in 2016.

**A Push for Female Excellence in NSMQ and STEM**

The organizers of the NSMQ have always sought to encourage girls to excel in the study of Science and Maths. Since the inception of the programme, they have used only female scientists as quiz mistresses starting with Professor Addy, Dr. Eureka Emefa Adomako (a Botanist), and the current quiz mistress Dr. Elsie Effah Kaufmann (a Biomedical Engineer). Let us push for Mfantsiman Girls to be the first female winners of the NSMQ title in 2017. Source: Some information was culled from NSMQ.com, CitiFM online, and Wikipedia.

**2014 in Review**

**UK MOVERS & SHAKERS TRIO DRAW THE FINAL CURTAIN**

The Movers and Shakers was established in June 2012 with the intention of hosting a one-off fundraiser in aid of the Visual Arts Studio at Mfantsiman Girls’ SHS. The event which had a “Diamonds and Ice” theme blew the minds of all guests, and led to endless requests for an encore.

Although the group had no plans beyond the premiere event, several calls from patrons led to subsequent spectacular ones with the themes “Pumpkins and Lanterns”, “It’s a Love Thing” and the “Pride of Africa”. The group were also engaged in consultancy services for other notable institutions who wished to organize similar events for their alumni body.

![Movers & Shakers Bling Logo](image)

After several successful events, the Movers and Shakers have decided to venture into new and equally successful activities besides events management. As a farewell and also a show of appreciation to its loyal patrons, the group organized its grand finale event in May 2014 at Crystals in Wembley, UK under the theme “Soul Train” and which featured two of London’s finest DJs. The mood for the event was electric to say the very least, and the dress code was 70s and 80s style which saw a breathtaking display of miniskirts, flared trousers, psychedelic shirts, maxi dresses and platform shoes!

The Movers and Shakers wishes to emphasize its earlier communication that it is not an alternative MOGA group; but will, however, like to acknowledge the support of the following great women - Sheila Mina Addy (MOGA International Co-ordinator), Grace Bolfrey-Arku (Immediate Past MOGA President), Marilyn Maher, Letitia Mbroh, Mina Augustt, Evelyn Quartey-Papafio, Ruth Aryee and Doreen Aryeetey Addo who are all part of the MOGA fraternity, and who travelled the entire journey with the team.
We most definitely lived up to our slogan “Pleasure with Purpose!” and we take this opportunity to say ‘Au revoir’ but definitely not ‘Adieu’. Obra nye woara bo ampa!

1987/1988 YEAR GROUPS UPGRADE HOME ECONOMICS BLOCK
Mfantsiman Home Economics students now have a renovated classroom and kitchen for practicals, and an upgraded store and washrooms, thanks to funding from the 1987 and 1988 year groups.

The new kitchen comes complete with four new gas cookers, brand new cabinets and plumbing, and tiled sink areas with new work tops. The donation funded the replacement of existing tiles and a fresh lick of paint for the whole block, refurbished desks and a renovated two-room apartment used by external examiners. The total cost of all the upgrades was just under 36,000 GHS. The group under the leadership of Adelaide Opoku Mintah of the 1987 and Marian Nontwiri of the 1988 year groups respectively have been instrumental in both initiating and completing the project.

2015 in Review

MFANTSIMAN WEBSITE SHOUTDOWN AVERTED
Mfantsiman.org came close to extinction as a result of severe underfunding. Thankfully, the intervention of some MOGA lifesavers - the 1985 year group, Victoria Hanson (MOGA 1975), and Dinah Freeman (MOGA 1987) raised $450 USD to pay for web hosting fees. After over a decade of maintaining the website to showcase our school, this vital information source could have been shut down for what amounts to $150 a year. There are too many MOGAns for us to let this happen. The website has raised the profile of both the school and the alumni and it is not enough to remain apathetic or simply pay lip service. A digital presence is not optional and we encourage MOGAns to assist in any way possible to ensure this valuable resource remains relevant and current.

MOGADISSHUES takes this opportunity to kindly request for volunteers with writing and web skills, to contact our web mistress at moga@mfantsiman.org to assist with revamping and updating the website.

1993B YEAR GROUP EMBARK ON HYGIENGE OUTREACH
In March 2015, a group of MOGA ‘93a ladies decided to visit Mfantsiman Girls’ SHS and educate the current students on feminine hygiene. Along the way, they made a stopover at Kuntu village where as part of their community and social
responsibility, they engaged the teenage girls on how to overcome menstrual pains through regular exercise. The team was warmly received by the chief and the elders of the village, and a mini-durbar held in front of the chief’s palace to give us the opportunity to talk to the teenagers. After the interaction, 20 of the girls were given free sanitary pads.

The group continued their journey to Mfantsiman where they interacted with the over 2000 students in the assembly hall. The students eagerly participated in the discussions on feminine hygiene, which emphasized the importance of using direct sunlight to dry panties to prevent infections caused by mould. The students composed lyrics and songs from the knowledge they received to create more fun. At the end of the event, MOGA ‘93B donated free sanitary pads and panty liners worth 2,500 GHS to the girls and teachers, after which they all had lunch in the dining hall.

55TH SPEECH AND PRIZE GIVING DAY
Dr. Grace Bolfrey-Arku delivering her speech at the Mfantsiman Girls’ Senior High Secondary School (MGSHS) at the school's 55th Anniversary milestone remarked that the late Osagyefo Dr. Kwame Nkrumah, President of the First Republic of Ghana, founded the school in 1960 primarily as a special gesture of appreciation, to the people of Saltpond for the part the town played in the political history of the country. Today, we are convinced that Dr. Nkrumah’s vision was to create a platform to empower Ghanaian girls to take leadership roles and contribute to the development of the country.

We are proud to say the school has honoured Nkrumah’s vision by equipping girls to lead in the 21st century. With the help of committed teachers and parents, MGSHS has moved from a Grade “B” to a Grade “A” school, and its academic excellence attracts young girls all over Ghana to choose it as their first choice in the school selection process.

Mfantsiman alumni can be found in various fields of endeavour all around the world. In Ghana, past students hold leading positions in all spheres of development including the judiciary, politics, medicine, academia, government and civil service; and are successful entrepreneurs, traditional leaders, and home makers. Many Old Girls are passing on the ‘Mfantsiman Tradition’ too, sending their daughters and granddaughters to the school.

School Cadet Corp on Parade

We shout Congratulations and “Mmo” to the Headmistress, Staff and Board of Governors for raising the school’s standard and profile; with an “Ayeeko” to both past and current students who contribute towards the achievement of high education standards at the school.

Special thanks to Gifty Caulley, Letitia Mbroh, Abena Mensah, Sylvia Ogbarney-Tetteh, and Majorie Osei Gyau dubbed "the 5 Musketeers of the 1986 year group" —who contributed £153.90 to support the purchase of the Speech Day awards for deserving students and teachers. The ladies, who are all based in London and spearheaded by Ms. Letitia Mbroh, mobilized the funds at very short notice in response to an SOS call by MOGA President, Dr. Grace Bolfrey-Arku. The Executive committee thanked them with a letter of appreciation and an acknowledgement of receipt.

Our lamp will keep burning till the majority of Ghanaian women are equipped to contribute towards the socio economic betterment of Ghana.

MAY 2015 LEAVERS' INDUCTION SERVICE
On Sunday, 3 May 2015 the annual MOGA Induction Service for school leavers was held. MOGA was represented at the Service by our President, Dr. Grace Bolfrey-Arku and other Executive members. The 1993B year group made a 300 GHS contribution towards the after service reception. Ms. Christine Botsio-Eshun, Chairperson of the 1993B year group made the donation on behalf of the group. A letter of appreciation and an acknowledgement of receipt were later sent to the group by the MOGA Executive.
MOGA 1997 PROJECTS AT MGHS

In May 2015, MOGA ‘97 embarked on a project to tile the floors of the staff common room and the Assistant Headmistress’ office. This was achieved at a total cost of 4,500 GHS. The group again extended support to the second year students of the school in May 2016, with a career guidance program aimed at linking their courses of study to programmes on offer at the tertiary level. Thus students could effectively plan their career choices with the hope of gaining employment after graduation, as per the opportunities available. The team from MOGA ‘97 also introduced the concept of entrepreneurship and encouraged the students to venture into self-employment where possible. They further reiterated the importance of good grooming; self-confidence, ethical behaviour and values of hard work on the part of the students, to enable them attain their goals. Sports equipment comprising footballs, bibs and jerseys were donated to the school by the representatives of the ’97 year group.

MOGA DONATES TO JUNE 3RD FLOOD VICTIMS

A cross section of MOGAns came together to respond to calls for support of victims of the 3 June, 2015 flood and fire disaster at the Kwame Nkrumah Circle, which threw the entire nation of Ghana into weeks of mourning. Several members donated cartons of food items including beverages, canned mackerel, rice, cooking oil, several bags of sachet water as well as water tanker services, toiletries, used clothing and assorted household items such as sleeping mats, buckets, bowls, plates and cups. The group led by Esi Hammond donated the items on different occasions to the victims through Joy FM.

1989 YEAR GROUP TAKES ON KITCHEN "BURNER PROJECT"

In answer to Headmistress Mrs. Agnes Hawkson’s stated request to make the kitchen smoke free when she took office, the 1989 Year Group launched “The Burner Project” to modify and improve cooking equipment in the school kitchen. Motivated by the notion that creating a great ambience in the kitchen would enable the kitchen staff to enjoy cooking for the school, they quickly mobilized funds for the 19,365 GHS project. The money paid for a 20-piece electric burner which includes a generator and is also powered by palm kernel husk, as well as the cost of installation, painting and tiling the area around the taps to complete the facelift. The 1989 year group intends to adopt the kitchen to assist with any further needs as and when they arise.

MOGA 4-YEAR AWARDS

Geraldine Abaidoo, Doreen Aryeetey Addo, Lucille Edna Asante (posthumously), Edwina Assan, Nana Ekua Brew-Hammond, Maude Chinery, Esi Hammond, Marilyn Maher, Rita Mends, and Pearl Nyafli all received recognition for their immense contribution and selfless dedication to MOGA. Corporately, the 1985 Year Group and Accra Chapter also earned certificates of excellence for their consistent service and donation to the school.
ANNUAL THANKSGIVING SERVICE HELD IN ACCRA

Multiple year groups were represented at the 2015 Annual Thanksgiving Service held at the Calvary Methodist Church in Accra.

SPONSORSHIP OF THE 2016 NATIONAL SCIENCE AND MATHS QUIZ BY MOGA 1991 YEAR GROUP

In October 2015, the Student Representative Council (SRC) of Mfantsiman Girls SHS invited Ms. Anna Arthur of the MOGA 1991 year group, to sensitize present students of the institution on the topic “Youth, Relationship and Sex Education”.

Ms. Arthur was accompanied by some of her colleagues to honour the invitation; where the MOGA ‘91 group also took the opportunity to interact with the Headmistress Mrs. Hawkson. During the discussions, the group learned of the constraints facing the school in terms of its participation in the 2016 edition of the National Science & Math Quiz. Based on the sterling performance of the students in the 2013 edition where Mfantsiman placed third at the national level, the MOGA ’91 year group by consensus decided to raise some money to support the schools’ participation in the 2016 event.

A collaboration between a parent (Mrs. Elizabeth Charway) and the MOGA ’91 group in Ghana and the Diaspora (USA & UK) realized a total of 7,761 GHS in contributions; out of which an amount of 7,143 GHS was used in purchasing a Dell laptop computer, an Epson projector, an HP LaserJet printer, a Strong Receiver Dish and four Electric Bells which were required for students’ preparations towards the competition.

In February 2016, the stated items were presented to the school by the MOGA ‘91 Chapter Representative Naa Kaaley Addo and her team, in the hope of supporting Mfantsiman Girls’ Senior High School to enhance its image in the academic circles.

CLASS OF 1995 DONATES SCHOOL SUPPLIES & MORE

Through generous contributions, members of the 1995 year group donated a lawn mower and hundreds of assorted stationery to Mfantsiman and the Primary School on Saturday, 9 April 2016. The class of ’95 made this gift in commemoration of their 20 Year Anniversary of completing their secondary education at Mfantsiman.

The supplies for the Mfantsiman Girls Primary School pupils, which consisted of exercise books, story books, pens, pencils, erasers, sharpeners, rulers, and math sets etc., were to encourage and enhance the education of the children. The mower was for beautification and maintenance of the school compound.
Led by Nelly Spio-Abaidoo, 25 members of the ’95 Year Group attended the presentation of the donated items, which cost 6,000.00 GHS. Headmistress Hawkson gratefully accepted the gifts as well as the Group’s vow to give even more.

New executives were also elected at the congress, and Ms. Esi Hammond won the position of President of MOGA. On behalf of the new executives, Ms. Hammond pledged to continue the good work of the past executives and further extended an invitation to all old girls to play an active role in sustaining the good image of Mfantsiman Girls Senior High School.

WELCOME MESSAGE BY NEW MOGA PRESIDENT - ESI HAMMOND
On 28 May 2016, my team and I were elected into office for a two-year term. Since then the Executive Committee has had a number of meetings and tried to get a clearer picture of the task ahead and the way forward.

Before I give you a snapshot of our assessment and how we hope to make strides in the mission to change the fortunes of the school, I wish to assure you of my avowed commitment, and that of my team, to making something change for the better and making something work for the good of the School. We pledge our complete dedication and service in the hope that you will all, with the same passion, come closer to make Mfantsiman the great school we once knew it and desire it to be.

A courtesy call on the Headmistress, Mrs. Agnes Hawkson, renewed our hope that with a little push in the right areas, the school can move in leaps and bounds to regain all lost glory while ensuring that the admirable results of a few students become the norm for the majority, if not all students, who pass through Mfantsiman. The Executive Committee has assured Mrs. Hawkson of every support towards achieving better academic results and wishes to appeal to all MOGAns and affiliated parties to channel their energies towards the drive to make the school a great one again.

Upon extensive deliberations with various stakeholders, we have reached a consensus that MOGA has a huge ideas towards enhancing the image of our alma mater, and also provide the needed financial support for MOGA activities. The headmistress of the school, Mrs. Agnes Hawkson, was commended for initiating the modernization of the school’s kitchen which now boasts of several linked-up gas stoves and a fresh coat of paint, through the support of MOGA ‘89.
responsibility to effect the desired change. It is MOGA’s commitment that can influence the administration of the school as long as the right support is given to the school. MOGA therefore needs a reorientation to appeal to, and enlist its membership to spearhead a change.

To ensure better administration of MOGA, we have discussed the MOGA Constitution in detail and, in line with the provisions of Article 16 of the Constitution; we will consider a review of some of the provisions.

Ladies, it may come as a surprise to you to know that MOGA is not a registered entity under the laws of the country. We intend therefore to correct this and get our association duly registered. It is time we also took another look at all branches – chapters, as we call them – and the impact they can make in the collective mission of raising the image of the School through raising the academic bar to achieve excellence.

We are happy to inform members that the Headmistress has agreed to provide office accommodation at the school premises for MOGA. The office will serve as a rallying point for any member who visits the school for the purposes of registration of members (contact details) particularly leavers, purchase of MOGA souvenirs and other memorabilia, among others, and we are very grateful to her.

During a recent visit to the School, we were confronted with stark realities of how drab the school looks and how a MOGA project—the Visual Arts Studio (VAS)—has been abandoned. The state of disrepair calls for urgent action by every well-meaning MOGAN. The school cannot boast of a library, an ICT lab, or a Science lab. These are projects we must discuss and run a major campaign on even as we plan the 60th Anniversary celebrations, and hopefully, donate these projects to the school in celebration of the Anniversary.

As a priority, we have agreed with the Headmistress that MOGA channels its immediate efforts towards painting the School and completing the VAS as a matter of urgency and in time for the Speech and Prize Giving Day, which comes off in March 2017. We cannot receive guests from other schools on our premises knowing the impression they will take away would be an unpalatable one.

The tasks we are confronted with ordinarily should not look as daunting as it is, given the numbers of ladies who have benefitted from education at Mfantsiman. The truth however is that, a rather disappointing number represents committed MOGAns who willingly and regularly come to the aid of our alma mater. These members are fatigued from persistent requests to support the school in kind or cash and it is only fair that a special appeal goes to the rank and file of all past students of the school, to rise up and take up the challenge of changing the fortunes of Mfantsiman Girls Senior High School (MGSHS).

While this message is meant to announce our readiness to confront the huge tasks ahead of us, it is also an appeal to each MOGAN to stand up and be counted as active ambassadors.

For the joys derived from being affiliated to MGSHS and for the toils through which we gained some education and experience, even under constraining circumstances, let’s see ourselves as relevant stakeholders with a mission to make ourselves proud old students of a great institution.

2006 YEAR GROUP DONATE SPORTS YEAR TO SCHOOL

In honour of their alma mater and in celebration of their 10th anniversary of leaving Mfantsiman, the 2006 year group in June 2016 donated a host of sporting equipment to the school’s Sports Department. The items presented were as follows: ice chests, jerseys, footballs, volley balls, basketballs, shin guards, food containers and table tennis sets. In addition they also donated microphones for entertainment and social gatherings in the school. The entire donation cost the group around 6,515 GHS.

TARKWA CHAPTER INAUGURATED

On 19 November 2016 Mfantsiman Old Girls in Tarkwa came together at the Goldfields Senior Club House to give back to our Alma Mater, and also to socialize, network, and induct inaugural executives.

It was a long day for the members of the new Tarkwa chapter. The day started with a health walk from 6:00-8:30 a.m. through the city’s principal streets, ending with aerobics at T&N Park.

The main programme, the induction and inauguration, started at 5:00 p.m. Members wore their MOGA T-Shirts, and participation was high because it was a long awaited day. Yvonne Boateng, MOGA Assistant Secretary, represented the MOGA Executive Committee.

The ceremony was done in collaboration with SANTA (Adisadel Old Boys’ Association Executive), of which 32 members were present.

The following were inducted for the Tarkwa Chapter as Executives: Chapter Chairperson, Rosemond E. Boateng; Vice Chairperson, Jemima Acquah; Secretary, Theresa M-Bosomtwe; Treasurer, Ruth Owusu-Achiaw; and Organizer, Phylis Osei.

The Chapter President, on behalf of the members, promised to serve as excellent role models, raise the standard of education and agents of socialization to other students, and provide the platform for networking to help students seeking jobs after school.

In accordance with our school motto, “Life is what you make it,” the chapter aims to encourage, support, mentor and provide facilities to enhance learning abilities. The chapter intends to make modest financial contributions that can become significant, and help in the provision of social and basic infrastructure to our alma mater.

The chapter has instituted the TARKWA GOLD AWARD of 500 GHS each for the overall best student in SHS 1, 2 and 3 respectively. These awards will be presented every year during the Speech and Prize Giving Day.

MOGA President Esi Hammond congratulated and welcomed new members, and encouraged them to pay their dues and participate in their various activities. She also thanked NEC for making the day possible.

The programme climaxed with a dinner at the Poolside after the Thanksgiving service held on 20 November 2016 at Gethsemane Methodist Church, Tarkwa.
THOUGHTS & RHYTHMS BY SANTAMOGA PRAIZ
‘Thoughts and Rhythms’ – a counseling and praise event – hit the headlines on Adisadel and Mfantsiman campuses in November 2016. As the brainchild of SantaMoga Praiz (SMP) Inc. ‘Thoughts and Rhythms’ seeks to nurture commendable ethics, culture and etiquette among the youth, whilst developing a sense of gratitude to God and their self-worth through music.

SantaMoga Praiz was launched in May 2016 as collaboration between Santa 2006 and MOGA 2006, in celebration of their 10th anniversary after high school. The debut concert was held at the Royal House Chapel, Ahenfie, Accra, and was aimed at promoting peace ahead of the December 2016 elections in Ghana. Currently, the group has extended its membership to include Santaclausians and MOGAns from 2000 year group to date.

In 2017 SMP Inc. is hoping to launch a health walk session dubbed “Stretch” to encourage healthy lifestyles among the entire SantaMoga caucus. The group will also reach out to the public with its evangelistic touch under the brand “Word on the Street”. Look out for these activities and be part of history in the making!!

2016 ANNUAL THANKSGIVING SERVICE
Mount Olivet Methodist Church, Dansoman was the venue of the Annual Thanksgiving Service which was held on 4 December 2016. At a MOGA Family meeting held after the Service, MOGA President Esi Hammond told members she and her Executives were very encouraged by the impressive turn out of MOGAns. She also stated that though the tasks ahead sounded daunting, she was convinced that with dedication and commitment MOGA will be able to make headway to better the fortunes of the school.

MOGA ENDS YEAR ON A HIGH “PURPLE PRIDE” NOTE
On 17 December 2016, the Mfantsiman Old Girls’ Association (MOGA) held its first Purple Pride Dinner Dance at the Aviation Social Centre in Accra. In attendance was the Headmistress of the school – Mrs. Hawkson, the Presidents of Old Students Associations of Adisadel College, Wesley Girls High School, Holy Child School and St. Augustine’s College, as well as past Executives and members of the MOGA fraternity. The aim of the dinner was to raise funds towards supporting the development of MGSHS, and maintaining its status as a Category A school. The MOGA President, Ms. Esi Hammond, informed guests that MOGA was now duly registered with the Registrar General’s Department and hopes to establish a dedicated office on Mfantsiman campus soon, with the aim of registering graduates at the end of their studies on campus, initiation into MOGA through the use of MOGA souvenirs to effect a seamless transition between being a student to becoming a MOGAn.

Ms. Hammond reiterated her promise to support the school in preparations towards the National Science & Math Quiz subsequently, based on the sterling performance of the school at the 2013 edition. She further appreciated all MOGAns who had made time to join the group for the Annual Thanksgiving event in early December 2016 at Mount Olivet Methodist Church, Dansoman; and made a call on other old girls to faithfully partake in this event in appreciation to the Almighty God for his goodness over the years.

MOGAns at the Purple Pride Dinner Dance were encouraged to thoroughly enjoy the event, donate generously towards a good cause and also assist in instituting the dinner dance as an annual event henceforth.

Heeding to the President’s call, the 1981 Year Group donated a cheque for 4,000 GHS towards the completion of the VAS in celebration of their 40th Anniversary of entering the school. Right on the heels of this kind gesture were the 2002 Year Group, who also donated 2,000 GHS in aid of the VAS completion. In addition, the 2002 Year Group donated a commissioned landscaping survey paid for by the group to MOGA. This survey will be made available to any MOGA
group who will be willing to take on the challenge of developing the areas around the school blocks and the VAS

The total proceeds realized from the Purple Pride Dinner Dance and sponsorships came to around 55,000 GHS.

UPCOMING EVENTS
The 57th Annual Speech and Prize Giving Day will be held at the school in Saltpond on Saturday, 25 March 2017. All old girls' are encouraged to attend.

The annual leavers' induction service will be held on Sunday, 7 May 2017 at the school. All MOGAns should endeavor to attend.

THANK YOU
To:
Dr. Grace Bolfrey-Arku, MOGA President 2010-2016 and her entire Executive

And also to:
